Don,

Per my understanding with the BSL (Bureau of Street Lighting)

We were the current permit holder in the Melrose area and we were on our 4th and final renewal. We have been informed that we cannot apply for any additional permits until our 4th and final renewal was expired and in the mean time any other approved entity can apply for the pole locations.

What we would like to achieve is if the current permit holder (in this case a BID working with the City) has a current program in place, maintains it properly, and pays for the pole usage, Why can we not just have the poles reserved year round all the time and avoid this repeated renewal process

Our contact at the BSL is
Maria Aceves
213-847-1451

Hopefully this can be made easier for your district

Respectfully,

George Livermore
